

Aquatic Control Inc. is a privately owned lake and pond management company with a main office in south central Indiana and satellite offices in Valparaiso, Indiana, St. Louis, Missouri, Elizabethtown, Kentucky, Evansville, Indiana, Memphis, Tennessee, and Canton, Illinois. Aquatic Control has been in the lake and pond management business for 53 years. Our staff consists of fisheries biologists and technicians with a combined 500+ years of experience in aquatic vegetation management, fisheries management, product sales, and aquatic ecosystem management. We are hiring a full-time entry-level aquatic biologist that will be stationed at our Truesdale, MO office.

Duties to include the following:

- Application of EPA registered aquatic herbicides and algacides
- Installation and maintenance of aerators, fountains, and compressed air systems
- Completion of fish management surveys via electrofishing
- Assisting with fish survey report writing
- Data entry and management
- General maintenance of trucks, boats, equipment, and grounds
- Speaking at pond clinics, trade shows, conferences, and public meetings

Minimum Requirements:

- Bachelor's degree or 2 years of experience in fisheries/aquatic science, agriculture, or natural resources
- Experience with aquatic vegetation identification
- Ability to drive a truck while trailering a boat
- Basic mechanical ability (experience in outboard motor operation is a plus)
- Ability to work in an outdoor environment (physical labor required)
- Strong work ethic and ability to work an average of 50 hours per week

Compensation:

- Competitive hourly pay with overtime
- 401 K with company match on first 4% after 1 year of employment
- Company health insurance plan after 90 days
- Earned Time Off
- Time and a half hourly rate for overtime hours

Immediate opening. Open until filled.
